

# Pupil Premium Strategy Impact Statement 2023

This report provides evidence of impact of the Pupil Premium Strategy for NLA 2022-2023, in the following key areas:

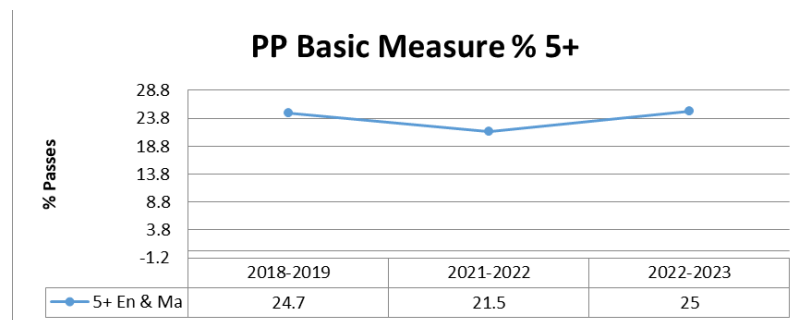

## 1. Literacy

- 69% of year 7 (current year 8) Pupil Premium students made expected progress or better in NGRT

NGRT Category	Number	%
Much lower	17	15.0
Lower	18	15.9
Expected	56	49.6
Higher	13	11.5
Much higher	9	8.0

## 2. Key Stage 4 Pupil Premium Outcomes and progress.

- PP Basic Measure % 5+ has increased on the previous year.

- 40% of PP students gained an overall positive Progress 8 score with 65.2% of PP students gaining a positive P8 in their Open P8 bucket
- The top end passes (7+) in and Maths continues to be above national average.
- Intervention with Pupil Premium students has improved the accuracy of predicted outcomes for Progress 8 and Attainment 8.

## 3. Behaviour and Attitudes to learning

- Attitude to learning scores have improved over the academic year and gem badges have been awarded to PP students for demonstrating life and employability skills through curricular and non-curricular activities.
- The proportion of PP Fixed term exclusions is below pandemic levels, whilst the proportion of PP pupils being permanently excluded remained the same.

# Pupil Premium Strategy Impact Statement 2023

- 75% of suspensions in the academic year 2022-2023 are for PP students which is above the proportion of PP, demonstrating that there is still work to do in closing the gap of PP and Non PP students for suspensions.

## 4. Attendance

Where attendance at NLA is well above local average and above national average, PP students have a lower attendance than Non PP is all years, however in the sixth form there is very little gap. This continues to be a target and considerable work still needs to be done in order to get students in to school:
